

Moving Forward In Faith Effectively

IN RESPONSE TO COVID-19

Red Bank Catholic High School Plan 2021/2022

INTRODUCTION

Red Bank Catholic was open and successfully provided in-person learning last school year. This is a continuation of those procedures, along with any adjustments required for the 21-22 school year. This plan has been created to aid in continuing the full return to school for all students. Our goal is to always provide a school where employees, students, and families feel safe and to reduce the impact of COVID-19 conditions. It is our intention to remain open for full time, in-person instruction Monday-Friday. The guidelines referenced in this plan are based on guidance from the Centers for Disease Control and Prevention (CDC), American Academy of Pediatrics (AAP) and the State of New Jersey Department of Education (NJDOE) *The Road Forward*. Regular updates will be made to this plan based on information provided by the NJDOH, CDC, AAP, and applicable federal, state and local agencies.

CATHOLIC IDENTITY

Catholic schools have a two-fold charge: providing an education that is academically excellent and one that is deeply rooted in Catholic identity. There will be intentional Catholic values infused across all grade levels and all subject matter. Participation in liturgy and prayer will continue to be encouraged for both traditional face-to-face and remote settings. Service-learning opportunities will remain a priority in our school.

GUIDING PRINCIPLES

In order to ensure the continued well-being of our students and employees, the following guiding principles have been put in place:

1. We will continue to provide a high quality education rooted in our Catholic principles.
2. The health and safety of our faculty, staff and students is our top priority and will guide our decision making.
3. Our decisions are informed by all local, state and federal public health authorities.
4. Our plans must remain flexible to be adapted as the pandemic evolves.
5. We will continue to provide our RBC families with regular communication and updates as information becomes available.
6. We are committed to provide support to our families.
7. We will provide training, time, support and flexibility necessary for faculty & staff to prepare for successful reopening.

HEALTH PROTOCOL AND SCREENINGS (EMPLOYEE AND STUDENT)

Self-health screenings for faculty and staff will be required each day. Online health screenings for students, including temperature checks to be performed by parents as required in the signed handbook document. Random student temperature checks will be conducted during the day. All screening information will be kept confidential by the school.

Most common COVID 19 symptoms may include

- Dry Cough
- Shortness of breath or difficulty breathing
- Fatigue
- Feeling feverish or a measured temperature greater than or equal to 100.0 degrees Fahrenheit
- Known close contact with a person who is lab confirmed to have COVID-19

The CDC has a list of symptoms for COVID19 available on their website at <https://www.cdc.gov/coronavirus/2019-ncov/symptoms-testing/symptoms.html>

Employees:

School staff are required to wear face masks unless doing so would inhibit the individual's health. Teachers may substitute clear plastic face coverings when instructing from behind the podium plexiglass barrier.

- If an employee becomes ill at work or if another person is exhibiting symptoms of COVID19 at work, they will be immediately asked to leave work and go home or to the nearest health center.
- Employees will be asked to submit a medical clearance note before returning to work.

Students:

- Parents will be required to perform a daily health screening, including temperature check before school begins each day.
- Students will be required to wear a face mask at all times during the school day except outside for Phys Ed and while eating lunch in the cafeteria.
- Random temperature checks will be conducted safely and respectfully.
- Results will be documented when signs/symptoms of COVID-19 are observed. All results will be kept confidential.
- All screening policies will consider students with disabilities and accommodations.

Protocol for Symptomatic Staff and Students

Procedures for symptomatic staff and students:

- Students and Staff with symptoms related to COVID-19 will safely and respectfully be isolated from others.
- Students will remain in isolation with continued supervision and care until picked up by an authorized adult.
- If RBC becomes aware that an individual who has spent time in school tests positive for COVID-19, we will immediately notify local health officials, staff, and families affected while maintaining confidentiality.
- Adequate amount of personal protective equipment (PPE) available, accessible, and provided for use.
- Once the Nurse's Office and holding area has been vacated, we will implement our cleaning protocols.

Procedure for Re-admittance After Recovery from COVID:

School re-admittance procedures for students and employees after recovering from COVID-19 will be established in conjunction with the school nurse under guidance from the department of health.

The following re-admittance guidelines are subject to change and are not all inclusive:

- A negative COVID-19 test result.
- 10 days after testing positive to COVID-19, fever free for 24 hours and no other symptoms.
- For asymptomatic cases, 10 days of isolation after a negative COVID-19 test and no symptoms.

Protocol for quarantine of close contacts

Identification and quarantine of close contacts play an important role in minimizing the spread of COVID19. As per state guidelines, the Red Bank Catholic School Nurse will communicate all close contacts with our local Board of Health and follow the recommended quarantine guidelines. The local health officials will help administrators determine a course of action. Decisions will be made based on the most up to date CDC recommendations and on a case by case basis.

- Close contacts: Identified as within 3 feet of a person that tested positive for COVID-19 for a cumulative total of 15 minutes or more over a 24-hour period, **who are not fully vaccinated** are required to quarantine for 10 days from the date of potential exposure. To return to school and all activities, the student must also be tested for COVID-19 between 5-7 days after their exposure date. A negative COVID-19 test must be submitted to the school nurse to resume all activities.
- **Close contacts who are fully vaccinated and those who have had COVID-19 within the past 90-days, and are not symptomatic, do not need to quarantine.** However, they should still be monitored daily for symptoms, be tested as a precaution 3-5 days after exposure, and wear a mask indoors until they receive a negative test result.

SOCIAL DISTANCING & PERSONAL PROTECTIVE EQUIPMENT (PPE)

Social distancing is an effective way to prevent potential infection. Employees, students, parents, and visitors should practice social distancing where possible.

- All students will always be required to wear masks, except when eating lunch or participating in outside Phys Ed activities. Desks will be placed at least three feet apart as recommended by the American Academy of Pediatrics and CDC. Classrooms have been arranged to maximize separation with all desks facing in the same direction.

- Plexiglass barriers have been placed in every classroom for teachers. Plexiglass barriers have also been added in Business Office, Cafeteria, Guidance Office and Media Center.
- Traffic Flow – One directional stairwells will continue to be in place.
- Locker Use will be suspended until further notice to prevent gatherings in the hallway.
- When weather allows, windows should be opened to allow for greater air circulation.
- Internal hallway and classroom doors will remain open to reduce potential contact points.
- Non-Essential Interactions/Gatherings/Meetings and visits will be avoided

In addition to using PPE, please remember to:

- Wash your hands often with soap and water for at least 20 seconds. Use hand sanitizer with at least 60% alcohol if soap and water are not available
- Avoid touching your eyes, nose, and mouth
- Cover your mouth and nose with a tissue when you cough or sneeze or use the inside of your elbow

CLASSROOM AND COMMON SPACES

Employees are encouraged to disinfect their own personal workspace (teacher desk, instructional podium, etc.) throughout the day, giving special attention to commonly touched surfaces.

Classrooms:

- Students will still be required to wear masks.
- All desks will face in the same direction.
- Students will be assigned seats in each classroom.
- Students will be directed under the supervision of the teacher to clean their personal space.
- Hand sanitizer will be available in every classroom, in accordance with CDC guidelines.

School Entrances, hallways, and common spaces:

- Students and Staff will be required to wear masks indoors.
- Signage will help ensure that staff and students remain socially distanced in lines and at other times (e.g. guides for creating “one-way stairwells”), and provide hygiene advice and reminders (CDC offers printable resources and hand-washing posters).
- There is a natural staggered arrival time between 7:15 am and 7:50 am with bus drop off.
- Maintain “one-way Stairwells”.
- Maintain social distancing when possible in hallways and common areas.
- Minimize large group gatherings.
- Provide hand sanitizer stations in hallways and classrooms.
- Increase frequency of cleaning all surfaces, including walls and frequently used touch points.
- Maintain physical barriers, in the cafeteria where it is difficult for individuals to remain socially distant.

- Suspended locker use until further notice
- Maintain two dedicated entrances, one on Broad St and the other by the Atrium.

Other Considerations:

- When possible, ensure adequate supplies to minimize sharing of high touch materials to the extent possible.
- Students should bring their own electronic devices, and school approved headphones for use in the Language Lab.
- Increase circulation of outdoor air as much as possible, for example, by opening windows and doors.

FACILITIES CLEANING

The safety of our employees and students are our first priority. Upon reopening, our school has been completely cleaned and disinfected and we will continue to adhere to all necessary safety precautions. In addition to the deep cleaning of the office and school before employees and students return, the cleaning steps outlined below will be taken to disinfect workplace surfaces, chairs, tables, etc. to protect faculty, staff and students and reduce the risk of spreading the infection. We will require employees to maintain this safety standard by continuously cleaning and disinfecting based on the frequency stated below. Deep cleaning is triggered when an active employee or student is identified as positive for COVID 19 based on testing.

GENERAL DISINFECTION MEASURES

Category	Area	Frequency
Workspaces	Classrooms, Offices	Nightly cleaning and disinfecting with CDC approved disinfectant
Common spaces	Hallways, doors, handrails and restrooms	Electrostatic sprayer several times per day
Electronic Equipment	Shared computer, monitors, keyboards, mouse	<p><u>Classrooms will be supplied the following</u></p> <ul style="list-style-type: none"> • 1 gallon SANI sanitizer with pump • 1 32oz spray bottle filled with Violet disinfectant • Several rolls of paper towels • 1 box of nitrile exam gloves

Common Areas	Cafeteria, Library, Conference rooms, Gyms, Common Areas	At the end of each use/day; between groups
---------------------	--	--

We will prepare and maintain hand sanitizing stations with alcohol-based hand sanitizers (at least 60% alcohol):

- In each classroom (for staff and students).
- At various locations throughout the buildings.
- In the lunchroom between each lunch period.
- Students will be encouraged to wash hands for at least 20 seconds at regular intervals, including before eating, after using the bathroom, and after blowing their nose/coughing/sneezing.
- Use alcohol-based hand sanitizer (at least 60% alcohol) if washing with soap and water is not possible.
- The CDC recommends an alcohol-based sanitizer that is at least 60% alcohol and to rub the product over all surfaces of your hands and fingers until your hands are dry, about 20 seconds, then wash hands with soap and water as soon as possible.

SIGNAGE

Signage will be placed at the entrances, hallways, offices and common spaces throughout the school.

- Face mask required before entering
- Hand Sanitizing Stations
- CDC Hand washing guidelines
- Social Distancing
- One Way Stairwells
- Visitor Restrictions

BUS DRIVERS/BUS PROTOCOLS

Schools will follow the protocols outlined by the local district providing busing. For RBC buses the bus drivers and/or custodial staff will disinfect the buses at a minimum:

1. Right before starting a route to pick up students
2. Right after the morning and afternoon routes

RESTROOM USAGE DURING THE SCHOOL DAY

The established maximum capacity for the facility that allows for social distancing is two students as posted on the maximum capacity sign on the door. There will be limited shared use of restrooms. Touch-less faucets and toilets were installed throughout the complex.

Ground floor classes (rooms 1-13) will use the ground floor bathrooms between rooms 4 & 5
 1st and 2nd floor classes (rooms 101- 105,201-206) will use 2nd floor bathrooms
 3rd and 4th floor classes (rooms 301- 315, 407-411) will use the 3rd floor bathrooms

PHYSICAL EDUCATION, LOCKERS AND LOCKER ROOMS

- PE Locker rooms will be closed to mitigate risk and prohibit students and staff from confined spaces with limited ventilation.
- Students will be encouraged to wear sneakers in order to participate in physical education without the use of a locker room. (PE TEACHERS WILL SHARE SPECIFICS)
- Necessary equipment will be cleaned and disinfected between each use.

CAFETERIA AND MEAL PERIODS

Students will have to maintain social distancing and sit in assigned areas throughout the year. Tables will be cleaned after each use according to guidelines.

In the Cafeteria Red Bank Catholic will:

- Clean and sanitize tables/surfaces between each meal service, pursuant to the protocols outlined here by the Environmental Protection Agency (EPA).
- In an effort to allow students to have some social interaction during their lunch time, we will be spacing students on both sides of the table with a plexiglass divider so students can interact with each other safely.
- Serve individually plated meals or meals in pre-packaged boxes or bags.
- Use disposable food service items (e.g., utensils, dishes).

VISITOR RESTRICTIONS For your safety and as per CDC guidelines, We will be limiting visitors to essential school business only. Essential visits must be scheduled by calling the Business Office and completing a self-health questionnaire before entering the building. Fewer people entering the school building allows for greater implementation of safety measures.

COMMUNICATION WITH FAMILIES

To stay updated on the most current information:

1. Teachers, students, and parents need to check their email often.
2. Check the Dashboard daily.
3. Visit the school website.
4. Follow our social media platforms.
5. Utilization of the School Messenger Alert System.

ACADEMICS

At this time all students will return to in-person instruction.

However, if unforeseen circumstances occur, Red Bank Catholic's goal is to design flexible instructional plans that work best for our students. The following has been considered:

- Create year-long plans to facilitate more meaningful, interdisciplinary units that can be delivered face-to-face or remotely.
- Instructional experiences will include modeling, guided instruction, collaborative work, and independent work and not an over-reliance on one learning methodology.
- Teachers will continue to implement best practices in instruction to meet student needs and engagement.
- Teachers along with the MOESC aides and Learning Consultant will continue to make adjustments to school-based services plans for students with disabilities to account for accommodations and modifications needed in a remote learning environment.
- The Arc and classroom teacher will ensure meaningful support is provided for English Learners.
- Teachers, Aides, Guidance Counselors, and Administrators will continue to identify and intervene with students who may be exhibiting academic and/or behavioral concerns.

GRADING AND ATTENDANCE POLICY

Students are expected to complete assignments, **on time**, and be in attendance to receive credit for the courses for this school year. The grading policy is located in the school handbook.

REMOTE LEARNING/ONLINE INSTRUCTION

In the event that the school has to close at any point during the 2021-2022, we will follow the guidelines below for receiving and returning student work.

Red Bank Catholic will continue to use PowerSchool (grades, attendance, schedules), Dashboards/Schoology and Google Meet as our video conferencing tool, and pre-recorded instructional videos to provide daily online virtual instruction for all students.

EXTRACURRICULAR ACTIVITIES

- AT THIS TIME most Activity periods will run. We hope to begin them by mid- October
- We will adhere to all applicable social distancing requirements and hygiene protocol during any extracurricular activities.
- We will maximize the use of technology and online resources to continue some extra-curricular activities without additional person-to-person contact.
- Cleaning/disinfecting schedule may not allow for in-person gatherings outside school hours. Once the building is vacated no one may return until school reopens the next day.

Thank you to administration, staff, and parents as we continue to work and pray together for the health and success of our Casey family.

The Administration will continue to monitor changes and requirements that may alter the concepts and procedures in this plan.

APENDIX C

Student rules for in-school learning during COVID-19

Technology- bring your own device (at least a 7in screen) and register for the wifi password

Materials - Binder with dividers for your subject notes (keep another at home to transfer your notes when pages accumulating) Pens, pencils, TI84 calculator for all math classes

Backpack - for the items you need to carry (Label clearly with your name)

- Hygiene
 - A cloth or medical grade school appropriate face covering is required at all times, (including traveling between buildings when not able to be more than 3ft apart) except when sitting down at the lunch table
 - You should carry at least one extra face mask
 - Bandanas or those loose under the chin are not acceptable
 - Mask must be primarily a solid color (no messages, political or otherwise)
 - **Legs should be covered so not touching the seat surface**
 - Clean hands and space when you enter a room
 - NO Shared Objects including electronic devices, books, pens, pencils and other learning aids.
 - Inside doors will remain locked but open for ventilation and less hand contact
- Signs and Messages
 - Follow directions and posted signs
 - **Stay to the right in a hall**
 - Use proper stairwell (UP/DOWN)
 - Stick to limits in bathrooms

General info - Maintaining Healthy Environments

We have implemented several strategies to maintain healthy environments.

- **ID's - for security purposes your school ID must be visible (lanyard around neck)**
- No lingering/gathering in the halls
- Cleaning, Disinfection of touch points with electrostatic spray guns throughout the day
- Modified Classroom Layouts
 - Space seating/desks
 - All desks will face in the same direction
 - No eating in classrooms, must use a straw under mask to drink from a water bottle
